

Approved Physiology, Neurobiology, and Behavior Course List (Biology Track)

Highlighted courses offered Fall 2023

BIO 322 & BIO 122L (Seed Plants and Lab)

BIO 328 (Plant Physiology)

BIO 438L (Animal Communication)

BIO 339 (Micro Organisms)

BIO 345E (Endocrinology)

BIO 346 (Human Biology)

BIO 359J (Behavioral Ecology)

BIO 359K (Principles of Animal Behavior)

BIO 359R (Animal Sexuality)

BIO 361 (Human Infectious Diseases)

BIO 361T (Comparative Animal Physiology)

BIO 465M (Experimental Methods in Physiology)¹

BIO 365R (Vertebrate Neurobiology)

BIO 365S (Vertebrate Physiology)

BIO 367C (Cell and Molecular Bases of Neural Development)

BIO 371L (Experimental Physiology)

MNS 355C (Physiology of Fishes)

¹ BIO 456M is only approved to count for the 2010-12 and 2012-14 catalogs. Starting on the 2014-16 catalog and beyond, this course will not count for the Physiology, Neurobiology, and Behavior requirement.
