¹ Geography track students may take either BIO 373 or MNS 320 to satisfy the EVS Ecology requirement.

² Geography track students may take either BIO 373L or MNS 120L to satisfy the EVS Ecology Field Lab requirement.

³ Geography track students are expected to satisfy this requirement with an approved course on the Geography track list. If they do not, they will need to take additional Approved Geography courses in lieu of elective courses.

⁴ Geography track students must complete second semester proficiency in a foreign language, or an approved combination of language and/or foreign culture courses. Please consult with your academic advisor to ensure the coursework taken will satisfy the requirement.

⁵ Elective coursework is necessary to ensure students earn the 126 credit hours required of the EVS degree. Credit not otherwise used toward a degree requirement from AP and IB exams, dual credit, and other university coursework may be used. Please consult with your academic advisor before claiming any credit-by-exam.

⁶ The Physics requirement must be satisfied with a calculus-based physics with accompanying lab. Acceptable combinations include: PHY 303K or PHY 317K with 105M, or PHY 301 & 101L.
